

LAKE JORDAN HOME OWNERS AND BOAT OWNERS ASSOCIATION

# HOBON NEWSLETTER

JANUARY 2021

## President's Message

As we turn the calendar on 2020, we recognize last year taught us many things –how quickly our lives can change and to appreciate all we have. Despite the struggle and complications, I am encouraged 2021 may bring hope and new beginnings for our Lake Jordan family. I thank you and appreciate your membership and commitment to our beautiful lake, especially to those who help serve our community in many different ways.

Our Annual Lake Jordan Cleanup Day has been rescheduled for April 17, 2021. Last year's cleanup was cancelled due to COVID so we need as much help as possible to make this year's a success. We ask that you begin making plans to attend and encourage your friends and neighbors as well. Please contact your area representative or our Lake Cleanup Committee Chairs Allen and Brenda Basnight for more information.

Our first meeting of 2021 will be on January 25th at 7 pm at YMCA Camp Chandler. This will be a time to discuss new opportunities and what we may be able to accomplish in the coming year. We will present our new budget and discuss events for 2021. I look forward to seeing everyone there.

Thanks again and Happy New Year! *Jeff*

## Holiday Traditions

### Celebrating the season on Beautiful Lake Jordan

One of the most beloved parts of the holiday season is enjoying traditions year after year. Whether a holiday gathering, sharing time with family and friends or bringing out decorations to welcome in the Christmas spirit, the holidays are a time for memories and traditions.

The tight-knit community on the shores of Lake Jordan took holiday décor to a new level again this year by illuminating the lake with festive lighted trees on their docks and piers. The tradition, started more than 20 years ago in Blue Heron Slough by Mrs. Barbara Dreyer, has dazzled each and every year. The Lake Jordan HOBO Association made it a goal in 2019 and encouraged our

Area Representatives to coordinate “building parties” to gather neighbors together to kick off the holiday season and add a little “bling” to our already beautiful lake.

A simple construction project of plywood, PVC pipe, hooks and lights made gorgeous, shiny trees of every shape, size and color. Lighted trees again this year popped up all over the lake bringing a bit of “normal” to this holiday season.

Thank you to all who once again displayed their trees proudly and kept the Christmas spirit alive and well on Beautiful Lake Jordan.

*Marci L. Williams*

## ***'Christmas Star' over Beautiful Lake Jordan – a true site to behold***

**For the first time in 800 years, Jupiter and Saturn aligned perfectly to create rare star on winter solstice.**

Each year, Earth's northern hemisphere enters the winter solstice on Dec. 21 -- the shortest day of the year -- officially marking the start of winter. In 2020, bright planets Jupiter and Saturn aligned perfectly on December 21 to create what is commonly called the Christmas Star or the "Star of Bethlehem."

According to NASA, Jupiter and Saturn align with one another every 20 years or so, but not nearly as close together as they did in 2020. The planets have not aligned this closely in almost 400 years, nor has their alignment been visible (occurred at night) in approximately 800 years. Experts believe Jupiter and Saturn will not be this close together again for at least another 60 years.

The timing of the occurrence could not have been more perfect: The winter solstice may be the shortest day of the year, but that also meant it was the longest night of the year -- so there was plenty of opportunity to behold this once-in-a-lifetime star and the uncongested skyline from Lake Jordan was without question the perfect backdrop.

# 2020 Santa & Friends

## Christmas Parade on Beautiful Lake Jordan

## *A Politician That Kept His Promise*

Keeping his campaign promise, Congressman Barry Moore proved to be a man of his word.

What apparently started as a joke between Moore and HOB0 President Jeff Royal earlier this summer while Moore and his family visited Lake Jordan on the campaign trail, came to reality this holiday season. Promising to join the festivities of "Christmas on the Coosa" if he won office, Moore kept his word and used the chilly waters of Lake Jordan for his pre-show practice ground. Moore then braved the elements for the big show on December 12, 2020 in downtown Wetumpka and water skied to the delight of the crowd.

Promises made – promises kept!

## *Don't Forget To Renew Your Membership*

As you are all aware, your annual Lake Jordan HOB0 membership dues are due in January. We appreciate your membership and want our organization to continue to grow each and every year.

### **Your dues help fund:**

☑ Participation in the Renew our Rivers Campaign (the annual lake clean-up);

☑ Financial contributions to the volunteer fire departments and rescue squad that serve and protect the communities surrounding Lake Jordan;

☑ Chemical and bacteriological water testing and reporting;

☑ Community lake events such as the recently renewed annual 4th of July Boat Parade and Santa and Friends Visit Lake Jordan;

☑ Establishment and maintenance of the Slough Naming Project (slough signs)

☑ Financial contributions to YMCA Camp Chandler and the Alabama Wildlife Federation's Annual Elmore County Water Festival; and

☑ Participation in the establishment of a severe weather siren warning system operated by the Elmore County Emergency Management Agency.

Dues are \$25.00 per year. We also encourage members to consider a financial contribution to the Lake Jordan Fireworks Fund.

Payments can be made three different ways:

1. Mailing a check to Lake Jordan HOB0, P.O. Box 431, Wetumpka, AL 36092

2. Pay online with a credit or debit card at: <https://www.lake-jordanhobo.org/join-lake-jordan-hobo.html>

3. Pay in person (cash or check) at any of our quarterly meetings held on the last Monday of the months of January, April, July and October at 7:00 pm at YMCA Camp Chandler.

Remember - Dues are Tax Deductible. HOB0 has been recognized by the Internal Revenue Service as a tax-exempt entity under Section 501(c)(3) of the Internal Revenue Code. Contributions to HOB0 are tax deductible by the contributor.

# 2020 A YEAR TO FORGET

**2020**

Very bad, would not recommend.

The whole country would be tested by midnight if Chick-fil-A was running the drive thru testing centers. 🤔  
#eatmorchikin

😞  
ME IN 2019: If I could just have like a week with nothing to do and nowhere to go I could finally get this house clean and organized.  
ME NOW: Nope, that wasn't 😞  
the problem ... 😞  
@saltymamas

PRETTY WILD  
HOW WE USED TO  
EAT CAKE AFTER  
SOMEONE HAD  
BLOWN ON IT...  
GOOD TIMES...

"What should I wear to the living room today?"

sometimes I wonder if all this is happening because I didn't forward that email to 10 people.

When you normally spend all your time at home anyway but now the government says you have to

**WHEN LEAVING THE HOUSE...**  
**2019:**  
KEYS, PHONE, WALLET  
**2020:**  
KEYS, PHONE, WALLET, MASK, HAND SANITIZER, HORNET REPELLENT, SAMURAI SWORD, WRITTEN WILL, PROTEST SIGN, STRESS BALL...

# LAUGHTER REALLY IS THE BEST MEDICINE

In 20 years when kids ask about the 2020 toilet paper shortage, I'm telling them we had to drag our butt's across the lawn. In the snow. Uphill. Both ways. Dodging murder hornets.

**Plan:** Update resume, search for work-from-home jobs, clean out the closet, join an exercise livecast, catch up on emails.

**Reality:** Eat another bowl of ramen, take three naps.

**Q:** If 2020 was a drink, what would it be?

**A:** Colonoscopy prep

**2020 IS A UNIQUE LEAP YEAR.**

**IT HAS 29 DAYS IN FEBRUARY, 300 DAYS IN MARCH, AND 5 YEARS IN APRIL.**

Corona virus has turned us all into dogs. We roam the house looking for food. We're told "no" if we get too close to strangers. And we get really excited about car rides and walks.

**WARNING**  
BARS NEED YOUR HELP  
WE CAN ONLY OPEN AT  $\frac{1}{3}$  OF OUR CAPACITY!  
THOSE WHO CANNOT DRINK FOR 3 ARE KINDLY ASKED TO LEAVE THEIR PLACE TO THE PROFESSIONALS!!

**HUSBAND:** One nice thing about the quarantine is we haven't been out spending money.

**WIFE:** (clicks add to cart) So nice.

Quarantine has me realizing why my dog gets so excited about something moving outside and going for walks and car rides.

I just barked at a squirrel.

Humans: Dang I need to self-quarantine for 2 weeks

Their Dogs:

UNTIL FURTHER NOTICE THE DAYS OF THE WEEK ARE NOW CALLED, THIS-DAY, THATDAY, OTHERDAY, SOMEDAY, YES-TERDAY, TODAY & NEXTDAY!

## *How To Winterize Your Boat for the Cold Months Ahead*

Before you put your boat on “ice” for the winter, here's what you need to do to protect your vessel against the elements.

The winter months are easily the most dangerous months for your boat. Winter weather can wreak havoc (cracked blocks, corrosion, etc.) if your vessel isn't prepared for hibernation. If you think you can just get some professional help once spring rolls around, think again—you're hitting the boat doctor at his busiest time.

So it pays to take care of any problems and dealer-required maintenance in the fall, before your craft is clutched by winter's icy grip. Here's what you need to do.

Winterizing is more than just sloshing in some fuel stabilizer, draining the engine, and adding antifreeze. Consider it to be a methodical process that runs from bow to transom. Because boats and engines differ, start by checking the winterizing/storage sections of your owner's manual. 0:08

Fiberglass is made to stand up to the ravages of summer sun and salt water, so a little freeze shouldn't be a problem, right? Wrong. Ice accumulation can split open hatches and window tracks, causing leaks. So outside storage demands the proper boat cover.

You'll also want to check the hull, looking for stress cracks (common around the bow eye) and gelcoat blisters. Stress cracks can indicate structural damage, and anything serious should be looked at by a professional. The drill with blisters is to puncture, drain, dry and patch with an epoxy-based filler made for this purpose. If your hull is aluminum, bang the drum slowly with a rubber mallet to knock out dents.

Consider a good pressure washing in order to remove dirt and the dreaded lake scum. You can also make this job a lot easier in the future if you apply a marine wax/paste type product that will provide an acrylic shield over the hull to prevent

dirt from penetrating into the wax. The crud stays on the surface where it can be hosed off easily.

Remember that winter air can be humid or dry, and both conditions can bring grief to vinyl interiors. Vinyl cleaners and protectants, available in gels and sprays, can prevent your vinyl from drying out and cracking. More insidious is moisture that opens the door to mildew. More than one boat owner has unzipped his boat in the spring only to find the interior looking like a science project with mold and mildew everywhere. The fix here is to vent your boat cover for good airflow to minimize trapped moisture. Mildew sprays are a big help, as are chemical dehumidifiers that pull excess moisture from the air.

Not content with just getting cozy with your interior, moisture likes to do other nasty things, like corrode your on-board electronics and electrical system. If your wiring is of the non-marinated variety, it's especially prone to corrosion that can cause shorts, blown fuses and a big migraine—with a large service bill to match. Remove any electronics that you can, and let them winter in a kinder environment. Then, spray all exposed electrical connections with a moisture-displacing lubricant. Now is also the time for a thorough cleaning of all brightwork, vacuuming/washing of the carpets and deck, and a general overall grime-busting expedition.

BY POPMECH EDITORS, NOV 21, 2019

## Save energy and save money this winter.

You can help control your power bill by using energy more efficiently.  
Here are tips to save on energy costs around the house this winter.

- ▶ Install a storm door to create a pocket of insulated air between the door and storm door, helping to reduce heat loss.
- ▶ Use ceiling fans in reverse mode to push hot air from the ceiling to the occupied areas of the room.
- ▶ Have your heating system professionally serviced annually to keep it running at top efficiency.
- ▶ Set your thermostat at 68 degrees or lower during the day, and even cooler at night.
- ▶ Dress warmly; this will allow you to lower your thermostat and still be comfortable.
- ▶ Wrap your electric water heater with an insulating blanket to keep in the heat.
- ▶ Insulate attics, crawl spaces and unheated basements to keep out the cold.
- ▶ Replace old caulk and weatherstripping around windows and doors.
- ▶ Open drapes and blinds on sunny days to let in the sun's warmth.
- ▶ Seal around wiring and plumbing penetrations to stop air leaks.
- ▶ Close fireplace dampers after a fire is out.
- ▶ Close garage doors to keep out cold wind.

Learn how to save more with Alabama Power's online Energy Checkup.  
Just log on to [www.AlabamaPower.com/tips](http://www.AlabamaPower.com/tips).

## POWER RECIPE

### INGREDIENTS

1 cup finely chopped celery  
10 cups cooked rice  
1 cup finely chopped onions  
2 to 3 cups chicken broth  
1 cup chicken broth  
Salt and pepper to taste  
4 cups ground chuck, cooked and drained

### Rice Dressing

Sauté celery and onions in 1 cup of chicken broth until tender. In a large bowl, mix the cooked chuck, cooked rice, sautéed celery and onions, salt and pepper and about 2 more cups of chicken broth. Add more broth if needed. Place all of this in a greased 9-by-12-inch casserole and cover. Bake in 350-degree oven until thoroughly heated. Can be served with turkey or chicken. Serves 12 people.

Sara Jean Brooklere, Adamsville

# HOBO Newsletter and Publicity

## Lake Jordan Home/Boat Owners Association Minutes of the Quarterly Membership Meeting

October 26, 2020

The Lake Jordan Home Owners/Boat Owners Association Quarterly Membership Meeting was called to order by President Jeff Royal at 7:00pm on October 26, 2020 at Camp Chandler.

President Royal thanked everyone for being there and declared that a quorum was present to conduct business. Jeff welcomed everyone and new members and guests introduced themselves. Jeff recognized and congratulated newly elected County Commissioner Henry Hines who was in attendance at the meeting.

A motion was made and seconded to approve the minutes from the July 27, 2020 Quarterly HOBO Association meeting. The motion carried.

Jeff then recognized HOBO Treasurer Tommy Counts and announced that this meeting would be Tommy's last meeting as Treasurer as he has recently sold his home on Lake Jordan and is relocating to the beach. Brett Wilkinson has agreed to fill the remainder of the term of HOBO Treasurer upon Tommy's departure. Jeff thanked Tommy for his 6 years of service as Treasurer. Tommy presented the Financial Report dated September 30, 2020 with an ending non-restricted cash balance of \$37,397.74. He pointed out that Nikki Miller's fireworks fundraising has gone so well that there is money in the budget to go toward the 2021 July 4th Fireworks Show. Job Well Done Nikki! Jeff reminded the membership that much of the funds raised came from corporate sponsorships. Those companies are listed in the newsletter. He further reminded HOBO members who would like to list their business in the newsletter to please contact Marci Williams.

### Committee Reports

**Lake Clean Up** – A date has not yet been set for the 2021 Spring Annual Lake Clean Up. If you would like information on the annual event, please contact the Basnights at 334 399-7370 or abasn379874@gmail.com. Other options regarding cleaning up around the lake prior to Spring Clean Up were discussed. A suggestion for a project is cleaning up the trash on the new Alabama Power

trail located on the lake. It would be beneficial to all for the HOBOs to possibly focus on cleaning up areas such as this a couple times a year as these areas are part of the Lake Jordan Community. Jeff suggested that the HOBO's talk to Alabama Power to coordinate and possibly set a date for an organized clean up.

**Water Quality** – Judy May reported that in April of each year, she hosts a water monitoring class at her house. Instructors from Alabama Water Watch at Auburn University hold a class to certify individuals to test the water on the Lake. The last class that was held at her house was in April of 2019 where 5 people were newly certified in chemical water testing and several others were recertified. The 5 that were certified in 2019 had planned to be certified to do bacterial testing at the April 2020 meeting that was cancelled due to Covid19 interference. The class was rescheduled for August 2020 but did not happen since the employees from Alabama Water Watch were still working remotely from home. The next certification class will hopefully be held in Spring of 2021. She was pleased to report that there has been no sign of E. coli bacteria in the water this year. Judy keeps a list of the kits and chemicals that are provided to the water monitors and replenishes their supply when needed. Judy asks that people who have been monitors in the past but are unable to continue to do so, to please be sure to contact her and return the testing kits to her. The kits are expensive to replace as they cost \$350 each. Please contact Judy at 334 567-7327 for information about the certification classes or to return kits that are no longer be used.

**Lake Safety** – Dave Kowalski reminded everyone that kids age 8 years and under are required to wear a life vest when boating. This law applies to kids on any type of water vessel, motorized or non-motorized such as canoes or kayaks. Also, the law requires that there be a personal floating device available for each person on board a vessel. Since the water is much colder during the fall and winter season, Dave suggested that it is a good idea for all

individuals to keep their life vests on at all times in case of falling into the water. He also reiterated the importance of paying attention to buoys and their proximity to the shore and knowing where the hazard lies. The marine police are responsible for installing and replacing hazard buoys.

**HOBO Newsletter and Publicity** – Marci Williams requested that all articles for inclusion in the next newsletter be sent to her at marci.williams@yahoo.com by December 1st, 2020. Article submissions as well as suggestions for articles are always appreciated. Don't Forget – The Newsletter is available for view online at [www.lakejordanhobo.org](http://www.lakejordanhobo.org).

**Environmental** - Jeff talked about several areas of the lake are dealing with soil erosion problems. The HOBO Association is working with the County to help resolve the issue. One slough on the Holtville side of the lake is having to take action as the problem is extreme. The homeowners in that particular area are having to dredge at their expense. The County has agreed to put some sediment basins in place to help stop the flow of the erosion from coming into the lake where they are. People who are having issues or concerns with erosion problems in their locations, please contact the county. It is especially important to stay ahead of erosion problems to be able to remedy the situations before they become a major issue.

**Memorial and Worship** – Jeff reminded everyone about the HOBO Association's role and responsibilities regarding the Memorial and Worship area at Bonner's Point. He stated that during the pandemic, the Sunday worship service saw and welcomed a huge increase in attendance at the Sunday morning worship services since many churches were closed. He encouraged HOBO members to visit some of the local churches who provided pastors for the services.

**Membership** – There are currently 265 paid memberships in 2020 with 32 of them being new. Our membership numbers were a little down in 2020 but hopefully will pick up in 2021. Please continue to encourage your neighbors to join or renew! Remember, dues can be paid on the HOBO website through PayPal. Also, please consider adding a donation for the fireworks. All donations to the HOBO Association are tax deductible.

There was discussion about the new picnic /

swimming area located at the entrance of Blackwell's slough. The area is currently being cleaned up and revamped for families to enjoy who don't live on the lake.

**Boat Parade Committee** – Jordan and Danielle Adams will start planning the July 4th Boat Parade after the 1st of the year.

There being no further business, Jeff Royal adjourned the meeting. The next meeting will be held on Monday, January 25th, 2021 at 7:00 pm (6:30 pm if you want to eat) at Camp Chandler.

Respectfully Submitted,

*Joyce Wright*

Secretary

**A warm  
welcome to our  
new members:**

Please challenge yourself and all your neighbors to join our organization. If each member asked just one person to join that would potentially double our membership numbers! The benefits are numerous and include:

- Items exclusive to HOBO members (i.e. yard signs, decals, t-shirts, etc.);
- Quarterly newsletter that keeps you informed on what's happening on the lake;
- Valuable information regarding lake improvements, water quality, and pollution control;
- Fun HOBO events the whole family can enjoy.

As you know, more members would mean a better opportunity to reach and exceed our goals to enhance recreational opportunities and improve the quality of life on our lake.
